

Thank You

Thank you for your interest in Northwest Quality Roofing and the opportunity to share our mission and our pledge to you.

Jake Woodruff opened Northwest Quality Roofing after a 15 year career of roofing and managing other companies. Opening up his own roofing company was a natural next step. He is building his company based on customer service, quality workmanship, professionalism and expertise, while providing his employees with a pleasant and rewarding work environment.

Mission Statement

Produce superior quality that far exceeds the expectations of our customers. To ensure the security and trust in a relationship that extends beyond the completion of the project.

Why choose Northwest Quality Roofing?

QUALITY

Maintaining a high quality of workmanship and providing excellent service to our customers while using quality products. We adhere to a strict daily jobsite cleanup policy.

CUSTOMER CARE

We pride ourselves in providing customer satisfaction from initial inquiry to completion. Our efficient and friendly sales staff and roof technicians are available to do whatever it takes to make you, our customer, satisfied. We won't rest until this is accomplished.

LICENSED BONDED & INSURED

We are fully licensed, bonded and insured to protect you the consumer.

GUARANTEED WORK

We offer a labor and materials guarantee on all work.

PROFESSIONALISM

Employing only highly experienced, helpful, skilled and professional staff at every level of the project, which makes the project as worry free as possible. All of our Roofing Consultants are certified roofing professionals and offer their advice free of charge. Our primary goal with every estimate is to educate and offer quality options for every roofing situation.

HEALTH AND SAFETY

Ensuring our work is undertaken with full consideration of our responsibilities regarding Health and Safety. All Health and Safety requirements are met through our extensive safety training program.

KNOWLEDGE

We'll guide you through all varieties of national products offered, and will remain educated regarding the many codes and restrictions of cities and homeowners' associations.
